---

Dear Friends:

Unfortunately, low registration response has necessitated the cancellation of The New Jersey Human Relations Conference and Award Luncheon scheduled for Thursday, November 16, 2011. We recognize in these difficult economic times that it is becoming increasingly challenging to find time to attend mid-week morning conferences. As a result, the Executive Board of the New Jersey Human Relations Council will consider future dates and times for this and other programs.

In the interim, I wish you well at the onset of the Thanksgiving and winter holiday season. You should expect to receive more information regarding the Human Relations Council meetings and events within the next few weeks. In the interim, please visit our website at [www.njhrc.org](http://www.njhrc.org).

In service to the citizens of New Jersey,

A handwritten signature in dark ink, appearing to read "Jim Peeler", is written over a light blue circular stamp that contains the text "New Jersey Human Relations Council".

Jim Peeler  
Chair, New Jersey Human Relations Council
